WHAT IS GLYTACTIN?

GLYTACTIN

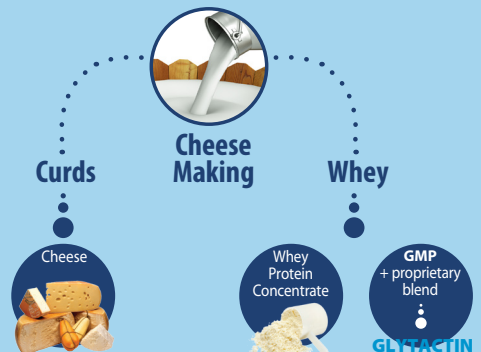

From Glycomacropeptide, which is what GMP stands for.

GMP is a whole, or INTACT source of protein.

The suffix “in” is used to designate proteins that are not enzymes.

Intact... tact in. See what we did there?

PKU MENTAL HEALTH & WELLNESS JOURNAL

Our PKU Wellness Journal, built with input from the PKU community, Dietitians and the NSPKU, allows patients to make meaningful connections between the food they eat, the formula they take and their overall mood and wellbeing.

Healthy YOU, Healthy PKU:

- ✔ Patient mental health stories
- ✔ A brief introduction to the science linking mental and physical health on a low protein diet for PKU
- ✔ 3 month daily diary
- ✔ Weekly check-ins
- ✔ Monthly reviews
